FANCY EXHIBITION STOCK

Because of repeated demands, we are offering this new list of Exhibition Plants for sale as part of our Catalog. Our earlier list is now completely sold out. Many of the following have been used as parent stock by leading Orchid breeders. To our knowledge they have never been listed at these low prices.

PLANT
NUMBER

- 1051 C. BARBARA DANE (C. Labiata X C. Phoebe Snow)
Very fine shape, pure white sepals and petals of good texture and generous amount of yellow in lip. Flowers in September.5 bulbs — 5½" Pot — \$ 50.00
- 1052 BC. MASSANGEANA X BC. MARS.
A large lavender Brasso with huge fringed lip having a suffusion of chartreuse. Always flowers in February or March.5 bulbs — 6" Pot — \$ 25.00
- 1053 C. BARABARA BILLINGSLEY "Variety Snowcloud" (C. Trianae "Broomhills Variety" X C. Joan Manda)
An outstanding flower of excellent form and texture. Paper white flowers with only a touch of lemon yellow in the throat. Blooms in mid-winter.5 bulbs — 5½" Pot — \$ 50.00
- 1054 LC. BALKIS "Variety Inspiration" (Lc. Queen Mary X C. Peetersii)
Excellent keeping qualities and rich glowing lavender flowers with a large dark lip. Fall.4 bulbs — 5" Pot — \$ 30.00
- 1055 C. TRIANAE "Var. E. J. Small" (Select Specie from Columbia)
For good heavy texture, color and shape this ranks with the best. Very strong grower and free producer of large flowers in February and March.5 bulbs — 7" Pot — \$ 40.00
- 1056 LC. PRINCESS MARGARET No. 2 (Lc. Profusion X C. Clotho)
A division of the very famous parent that produced Lc. George E. Baldwin and many other fancy hybrids of prize winning qualities. Exceptionally large dark flowers of fine shape and texture. Season is variable — sometimes twice a year.3 bulbs — 5" Pot — \$100.00
- 1057 C. TRIANAE "Variety Clinkerberryanum" (Select Specie from Columbia)
Extremely large flowers with very wide petals, good color and strong growth habit. Blooms during Christmas holidays every year.5 bulbs — 5" Pot — \$ 50.00
- 1058 LC. EVA SHILL (Lc. Profusion X C. Empress Frederick)
An excellent shaped flower with an iridescent like brilliance to the fine deep lavender colors in the petals. Dark lip, nicely marked with a yellow throat.6 bulbs — 5" Pot — \$ 40.00

PLANT
NUMBER

- 1059 BC. CLIFTONI "Var. Magnifica" (Bc. Digbyana — Mossiae X C. Trianae)
An exhibition type flower of large size and good lavender color. Huge fringed lip with striking yellow throat.
February.5 bulbs — 6" Pot — \$ 30.00
- 1060 LC. ARTHUR E. MILES (Lc. Sagana X C. Mossiae "Oliver Lines")
An extra large flower of very fine texture. Color and form are excellent. Very strong grower and producer for late Spring.5 bulbs — 6½" Pot — \$ 50.00
- 1061 C. FITZ EUGENE DIXON "Var. Pansy" (C. Portia X C. Walkeriana)
A very unusual type of Cattleya hybrid having a wide open lip. The flowers are rich orchid shade and resemble a giant pansy approximately 5" across. Fall blooming. 3 bulbs — 5" Pot — \$ 25.00
- 1062 C. ETHEL BISHOP (C. Barbara Dane X C. S. E. Endicott)
A beautiful pure white of the Bow Bells type. Heavy textured and nicely shaped. Variable Season.4 bulbs — 5½" Pot — \$ 45.00
- 1063 C. EDITHAE "Variety White Empress" F. C. C. (C. Suzanne Hye X C. Trianae Alba)
Definitely one of the strongest growing and finest producing white stud plants in the world. The shape is beyond reproach and there is just enough yellow in the throat to set off the pure whiteness of the sepals and petals. Winter. 5 bulbs — 5" Pot — \$150.00
- 1064 LC. BOU PHILIPPO (Lc. Windermere X C. Mossiae R. E. P.)
A very large flower having extra wide petals. Good lavender color. Spring bloomer.5 bulbs — 6" Pot — \$ 35.00
- 1065 LC. ELIZABETH LIND (Lc. Walter Jewell X Lc. Sagana)
A select variety having rich colored petals and a very deep fuchsia lip. Strong growing plant that flowers in the Fall.6 bulbs — 7" Pot — \$ 35.00
- 1066 C. SOUVENIER DE LOUIS SANDER (C. Blanchelys X C. Douai)
A very superb type of pure white with large heavy textured flowers. Parent of many fine hybrids. Early Spring bloomer. Exceptionally strong plant.7 bulbs — 6" Pot — \$ 65.00
- 1067 C. BOW BELLS (C. Edithae X C. Suzanne Hye)
Little introduction is needed here with all the prizes this cross has won all over the world. Fine shape and texture — color is of course pure white. Variable blooming Season.5 bulbs — 5" Pot — \$ 50.00
- 1068 LC. HELEN WILMER "Var. Orchidhaven" (Lc. General Maude..... V Lc. Wellsiana)
These flowers have the broadest shaped petals we have ever seen and little wonder it has been used in breeding so many fine crosses. Very dark sepals and petals with even darker velvety lip. Early Spring bloomer.5 bulbs — 5" Pot — \$ 75.00

- 1069 C. MOSSIAE "Var. Alexanderii" (Select Specie from Venezuela)
Beautiful pure white flowers. Free blooming in
Spring months.8 bulbs — 5½" Pot — \$ 35.00
- 1070 C. FLORENCE PATTERSON "Var. Collosus" (C. Clementine
Goldfarb V C. Rita Sladden)
An extremely robust growing variety that produces huge pure
white flowers measuring 8" to 9" across. Lip pure white except
for yellow in throat. Season early Spring
and variable.4 bulbs — 4½" Pot — \$ 35.00
- 1071 LC. GOVERNOR GORE "Var." (Lc. Altese X Lc. Hertha)
This plant produces relatively small flowers but they are very
unique in shape. The petals are almost perfectly round. This
with the wide sepals and rich color in the lip make it very un-
usual. Flowers in December and January. 4 bulbs — 5" Pot — \$ 40.00
- 1072 C. CLEMENTINE GOLDFARB "Osmer's Variety" (C. Cybele
Alba X C. Snowdon)
This plant has been used as a parent in many fine crosses such
as C. St. Petersburg, C. Helen Durfee, etc. It is very robust
and free flowering always making two growths a year -- then
flowering on both at once with 4 to 5 bloom on each spike.
September.5 bulbs — 6½" Pot — \$ 75.00
- 1073 C. MOSSIAE "Var. E. J. Small" (Select Specie from Venezuela)
A very large heavy textured variety that has strong growth habits.
Color is rich lavender. Spring5 bulbs — 5½" Pot — \$ 40.00
- 1074 C. R. CADWALADER "Var. 100" (C. Dupreana X C. Sylvia)
A very strong division of the original plant used by Patterson
in breeding the famous Lc. Deloris Ziegfield. Extremely dark
flowers during June.8 bulbs — 6" Pot — \$ 40.00
- 1075 LC. DELORIS ZIEGFIELD No. 2 "Var. Majestic" (Lc. Princess
Margaret X C. R. Cadwalader)
The finest plant of this cross we have ever seen. Petals and
sepals are very wide and entire flower is approximately 8"
across. Its beautiful color is enhanced by a contrasting wide
lip marked with yellow eyes. Exceptionally strong
grower.4 bulbs — 5½" Pot — \$ 60.00
- 1076 LC. WALTER WINCHELL "Var. Elvena" (C. Tappan X Lc.
Dupresan)
A prize winner — This variety won 1st place as the best laven-
der cattleya hybrid at the 4th Annual Florida West Coast Orchid
Show. Very showy — rich colors with bright yellow in the
throat.6 bulbs — 7" Pot — \$100.00

1077 LC. SANTA MONICA X LC. SARGON

Huge lavender flowers of excellent form that always appear in mid-December. Tremendous grower.6 bulbs — 7" Pot — \$ 35.00

1078 C. FABIA "Var. Ann Brown" (C. Dowiana X C. Labiata)

Very dark flowers of nice form during Fall. Good sturdy grower that never fails to produce.5 bulbs — 5½" Pot \$ \$ 30.00

1079 C. SKINNERII ALBA (Rare Specia from Costa Rica)

A very beautiful type of this species with glistening pure white sepals and petals and a faint pinkish lavender touch in the center of the lip. Rare — blooms in March.5 bulbs — 5½" Pot — \$ 35.00

1080 LC. SNOWDRIFT "Var. Marlin" (Lc. Cynthia "Var. Model" X C. Annette Alba)

Beautiful white sepals and petals and a beautiful deep purple lip marked yellow in the throat. Flowers twice a year without fail.5 bulbs — 6" Pot — \$ 50.00

1081 C. TRIANAE X BC. MINERVA

A gorgeous pinkish-lavender flower of excellent size and proportions. Large fringed lip with a chartreuse throat. Season is late Winter.5 bulbs — 6" Pot — \$ 50.00

1082 LC. WALTER WINCHELL "Var. Goliath" (C. Tappan X Lc. Dupresan)

Flowers of gigantic proportions combined with very rich shades of deep orchid make this variety very outstanding. Late Fall.5 bulbs — 5½" Pot — \$ 60.00

1083 LC. FLORENCE PICKARD "Var. Imperial Majesty" (Lc. Jane Dane X Lc. Britannia Alba)

Excellent producer of large flowers in the white colored lip class. Pure white sepals and petals with large deep purple lip and yellow throat. Flowers intermittently during Summer through till Mid-Winter.6 bulbs — 6½" Pot — \$ 65.00

1084 LC. BRANFORD (Lc. S. J. Bracey X C. Maggie Raphael Alba)

An unusually nice Bronze flower. The flowers open with beautiful chartreuse sepals and petals that slowly change to a rich bronze shade. Lip is a reddish fuschia. Fall blooming.5 bulbs — 5½" Pot — \$ 40.00

1085 C. BELGICA "Var. Pinellas" (C. Enid X C. Remy Cholett)

Fine wide petals of a rich orchid shade with deeply contrasting lip of good proportions. December.5 bulbs — 6" Pot — \$ 35.00

1086 LC. DELORIS ZIEGFELD ALBA (C. R. Cadwalader X Lc. Princess Margaret)

A very unusual type of white orchid. The entire labellum (tube and all) is very dark purple and contrasts beautifully against the pure white sepals and petals. Flowers in June.6 bulbs — 6" Pot — \$ 60.00
